

East Asia Map Study Guide

This document includes a series of maps of East Asia – political, physical, and cultural. These should be used as a study guide for both your map quiz, as well as your final. The map quiz will focus on the political (countries, capitals) and physical (rivers, topography, mountains, etc.) components, while questions on your midterm will focus on the cultural components. In East Asia we will be studying China, Japan, North & South Korea, Taiwan & Hong Kong.

Any maps shown in class during lecture could also be used on map quizzes or exams.

All maps included in this study guide were created by the instructor or obtained through a common use license.
